# CAT 2026 VARC Syllabus

Particulars	Exam Details
Reading Comprehension (RC)-- 4 RC Sets of 4 Questions Each	16
Para Summary	2
Odd One Out	2
Para Jumble	2
Para Completion	2
<b>Total</b>	<b>24</b>

Note: The above information is based on the official details of the CAT 2025 exam and is subject to change without prior notice in the CAT 2026 exam.

# VARC Important Topics

## Reading Comprehension from CAT 2017 to CAT 2024

Subtopic (Genre)	Count	Percentage
Science and Technology	21	23.33%
Philosophy	14	15.56%
Business and Economics	11	12.22%
History	11	12.22%
Art and Culture	10	11.11%
Culture and Society	10	11.11%
Environment	9	10.00%
Psychology	4	4.44%
Grand Total	90	100.00%

# CAT 2026 VA Syllabus

Topics	Details
Para Summary	A short paragraph will be given, and candidates are required to select the option that best summarizes the paragraph.
Para Jumbles	4 Jumbled Sentences will be given, and candidates must arrange them in the most logical order.
Para Completion	A sentence will be given that is missing from its most logical position in a short paragraph. Candidates must identify and place it correctly.
Odd One Out	Five jumbled sentences will be provided, one of which will be irrelevant to the context. Candidates must identify the out-of-context sentence.

# CAT Aspirant Level Up his VARC Basics with iQuanta's VARC Essentials

 CAT Preparation - iQuanta  
Varun Nath · 5m · 

VARC is one of those sections in CAT jisse mujhe lagta hai ki mere CAT scores down chale jayenge. Never had reading habit toh RCs samajhna tough hai. Shabana mam suggested the VARC essentials module in one of our classes. Kaafi improvement dikh rahi hai. The best part is the list of words with their meanings. RC samajhna bohot easy ho jata hai.

# CAT 2026 Result-Driven LRD<sup>I</sup> from Basics

Saptak Mondal

7 March · 0

"Recently completed the LRDI Essentials module launched by iQuanta, and I have to say, it's been a game-changer for me! I was struggling with some of the LRD<sup>I</sup> concepts, but this module really broke things down in a simple, easy-to-understand way. The structured approach and the practice exercises have helped me build a solid foundation and boosted my confidence.

A huge shoutout to Jeet Singh and the entire iQuanta team for putting together such a well-designed module. Your efforts are truly appreciated, and I can't thank you enough for this initiative. For anyone looking to improve their LRD<sup>I</sup> skills, I highly recommend checking it out!"

# Similar Questions in CAT

## From iQuanta Material

**Swapnil Aurade**

This type of question came .... which [Jeet Singh](#) sir had already predicted.

**Aakriti Gauniyal**

In the cat centre before the exam began , there were few people discussing their respective coaching centres and I overheard them saying : "arey sunne mei aya hai ki iQuanta se questions aate hai". Felt so good to be a part of this prestigious group

**Anukaran Singh**

Quant section had very similar question to the mock tests provided by [iQuanta](#). One question even had the same values!

2m Like Reply

**Neha Garg**

Varc -moderate ,note - rc questions and va section alag nhi tha in between va questions available the  
Lrdi -di heavy tha le ke 2 sets ,one doable  
Quant - easy and lot of questions were of same pattern as 250series and iim abc batch

Thank you so much, sir!! I'm in slot 1 and found many questions similar to the one provided by you. I have attempted 34 questions and hope I've made them correct.  
Once again Thank you sir and the whole iQuanta team for your support and help. 🙏😊

# Non-Engineer Started Loving CAT Quant

Siddhi Maske

So basically I am an non engineer student.... and I didn't like maths at all 😞..... I just hate the quant section but \*when I have joined the iQuanta class and attended all live classes + non engineer video or solving daily quant's questions ..... I am in love with  this section all thanks to Kamal Lohia sir 😊  and iQuanta team as well for doubts solving 😊..... nd other thing I just loved 😊 about the iQuanta is that they are focusing on all students 🙏..... there teaching styles is very good nd day by day I was very confident about all three sections 😊 ❤..... I will never regret on one thing in my life that I have chosen the  iQuanta batch  nd we all are ready to crack  the cat 2024 nd making iQuanta to feel proud on 2024 ❤ cat batch students .....  so once again thanks 😊 ❤ to all my iQuanta team nd special thanks to Deepanshu Omer bcz he is motivating all the students related study or time management as well   Jeet Singh

# Time Required to Complete the CAT Syllabus for a 99.9 Percentile

## December: Building Basics

Focus on strengthening fundamentals by reading editorials daily, solving puzzles and beginning Quant basics with Number System.

## January to June: Completing the Syllabus

This phase is dedicated to finishing all important topics across Quant, VARC, and LRCI while making your concepts strong.

## July to September: Mock Tests & Practice Each Topic

Begin taking full-length mock tests and analyze your performance. Work on every section while practicing moderate to hard-level questions.

## October to November – Full Revision & Crash Course

Focus on complete revision of the entire syllabus, re-attempt difficult areas, strengthen formulas and shortcuts, and follow a structured crash course to polish your preparation.

## Final Outcome: 12-Month Roadmap to 99.9%ile

By building basics first, completing the syllabus three times, practicing CAT-level questions, taking full mocks, and finishing with thorough revision, you create a disciplined preparation journey capable of achieving a 99.9 percentile using the iQuanta resources effectively.
